Approved by: Detroit Board of Education

1.0 Policy

In addition to the following guidelines, the Executive Director of the School Food Authority may recommend to the Director, Facilities Maintenance and Auxiliary Services, regulations or procedures pertaining to the administration, management and operation of all food services programs, which effectuate the provisions of this policy, as well as federal, state, and/or local laws and regulations.

1.1 Organization

The School Food Authority (SFA) will centrally administer all food services programs. The Executive Director of the School Food Authority will supervise the functions of the School Food Authority.

The role of the School Food Authority is to ensure all food service programs are provided in compliance with district, federal, state and local laws, policies and regulations. The Executive Director of the School Food Authority supervises the functions of the School Food Authority. The Executive Director is the District's authorized signatory representative in the execution of all federal, state and local agreements for the provision of required and potential Child Nutrition program(s). The SFA supervises the Office of Food Service programs.

The Office of Food Service is an enterprise unit. The role of the Office of Food Service is the management and operation of all food service programs authorized by the School Food Authority. The Director of the Office of Food Services supervises the Office of Food Services.

1.2 Provision of Child Nutrition Programs

The District must make available to all enrolled students school meals, which meet the minimum federal requirements for reimbursable services unless no more than 40% of the students enrolled at the school in the

previous year were ineligible for meal benefits under the federally funded child nutrition program(s) guidelines. If the District changes or amends any available child nutrition program(s), a public hearing must be held prior to that decision thereafter; the District must provide written explanation prior to implementation of any actions.

1.2.1 Meal Benefits (a.k.a. Free and Reduced Priced Meals)

The District shall provide meal benefits in the form of free and reduced price meals and free milk to all students in accordance with the eligibility criteria specified by United States Department of Agriculture (USDA) for federally funded child nutrition program(s).

The District shall ensure the confidentiality of all information contained in all required documents used to determine meal benefits for the enrolled student and shall further ensure all students granted meal benefits shall not be overtly identified or discriminated against in any manner.

1.2.2 Pricing of School Meals

The CFO+ under the approval of the Board Treasurer shall approve the prices of school meals at the beginning of each school year. The price for reduced price meals cannot exceed the federal guidelines.

1.3 Sale of Other Foods

The Director of the Office of Food Service shall manage and supervise the production, preparation, delivery, and sale of other foods in all District schools. Other Foods are defined as, "food items that are not produced, prepared, delivered or sold as part of a reimbursable school meal". Other Foods income can be derived from Ala Carte student sales, adult sales, catering, contract sales. The income accrued from these sales shall benefit the Office of Food Services.

Local school programs as part of an educational or a fund raising activity with the approval of the school administrator (principal) may sell other foods.

At the beginning of each school year or not less than two days prior to a fund raising event, the principal or designee must inform the School Food Authority of any outlet in their school that will be selling other foods.

Other Foods sales cannot be held in competition with school meals, with or without the principal approval unless:

- **1.3.1** They occur one-half hour preceding breakfast service
- **1.3.2** One hour preceding lunch service

1.3.3 One half hour following lunch service

Additionally, carbonated beverages and foods of minimal nutritional value (water ices, chewing gum, and certain candies) may not be sold in the school until on-half hour following lunch service. If a principal approves other food sales in competition with the school meals program one half (1/2) of the earned daily revenue must accrue to the Office of Food Services.

1.4 Other Foods – Vending Machine Services

All contracting of vending machine services within District buildings shall be the sole responsibility of the Office of Contracting and Procurement. The School Food Authority (SFA) will serve as the Contracting Officer Technical Representative (COTR) for procuring and management of vending contracts.

Managing the local school income from vending services shall be under the direction of the Chief Financial Officer (CFO) under the approval of the Board Treasurer.

Vending machine services shall not operate in competition with the school meals program.

1.5 Other Foods – Pricing

Other Foods pricing will be recommended to the CFO for approval by the Executive Director of the School Food Authority (SFA) at the beginning of each school year or as required by individual contract.

Other Foods pricing will be in accordance with commercial market indicators.

1.6 Responsibility/Cooperation With Building Principal

Office of Food Service staff assigned to each building is required to cooperate with the principal or their designee in matters that effect the school meals programs.

Principals are required to notify the Office of Food Service or local staff in matters which effects the preparation, service, accounting and availability of student's service for school meals

Principals can cancel daily school meal service only for emergent reasons.

Principals or their designee are responsible for student management in the cafeterias, lunchrooms and other designated areas.

1.7 Lunches From Home

Students are permitted to bring food from home to be consumed at meal periods. The District does not provide storage facility to ensure the safety of food item brought from home.

1.8 Closed Campus

All students are required to remain on the school campus during the school meals period. Enrolled student are prohibited from leaving the school grounds during their assigned school meal period without written permission from the school principal or designee.
