1.0 Policy

Note: See negotiated contracts for special arrangements. The regulation that follows applies to all groups.

Use of Facilities

1. Meetings of employee organizations may be held in Board buildings before or after the regularly scheduled work day and during lunch time of the employees involved. Released time may be permitted for organization representatives to participate, during working hours, in management-union conferences, meetings or negotiations at the central administrative offices.
2. Special arrangements may be made with the central office for distribution of official organization materials through the regular Board delivery service. The materials will not include membership or any other solicitations, including political.

Bulletin-Board Use

1. Each school is to maintain a bulletin board for the use of employee organizations, upon which notices or other information may be placed by the person representing the employee organization in the school.
2. Each principal should assign a mailbox to the representatives of employee organizations for the reception of mail to the organizations and all mail to the organizations should be placed in that box by the principal or a designated agent.
3. Recognized organizations should have equal opportunity for display of materials. In larger schools, additional bulletin boards should be provided, if possible, in staff areas other than the school office.

4. The date on which a piece of material is posted should be noted on the item, and provision should be made for prompt removal of materials that are obsolete.
