15850 Strathmoor Street  
Detroit, Michigan 48227-2965

### **Annual Education Report (AER) Cover Letter (2012-2013)**

August 19, 2013

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2012-2013 educational progress for the John R. M Academic and Performing Arts Academy. The AER addresses the complex reporting information required by Federal and State laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Vivian Hughes-Norde, Principal at (313) 866-9600 for assistance.

The AER is available for you to review electronically by visiting the District's website <http://detroitk12.org/aer> or the school's website at <http://detroitk12.org/schools/school/201/>. You may also view a printed copy in the main office at your child's school or at the Parent Resource Center located at the Detroit International Academy, Room 141, 9026 Woodward Avenue, Detroit, Michigan.

The State has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the State. Our school has been identified as a Priority school.

The key challenges for our school are as follows:

**We did not meet the 90% attendance rate goal.**

- The attendance rate for the All Students subgroup is 84.2%.

**We did not test 95% of our students.**

- Only 89.58% of the Students with Disabilities subgroup was assessed in science.

**We did not attain Differentiated target achievement goals for all subgroups of students in reading.**

- Only 7.38% of the Bottom 30% subgroup met the Differentiated target for reading.

**We did not attain Differentiated target achievement goals for all subgroups of students in writing.**

- Only 0.0% of the Bottom 30% subgroup met the Differentiated target for writing.

**We did not attain Differentiated target achievement goals for all subgroups of students in mathematics.**

- Only 0.0% of the Bottom 30% subgroup met the Differentiated target for mathematics.

**We did not attain Differentiated target achievement goals for all subgroups of students in science.**

- Only 1.81% of the All Students; 0.0% of the Bottom 30%; 1.42% of the Economically Disadvantaged and 0.0% of the Students with Disabilities subgroups met the Differentiated target for science.

**We did not attain Differentiated target achievement goals for all subgroups of students in social studies.**

- Only 30.0% of the Bottom 30% and 3.33% of the Students with Disabilities subgroups met the Differentiated target for social studies.

We are actively working to address our Michigan School Scorecard issues, accelerate student achievement and close persistent gaps in achievement. To meet each student's learning needs and maximize their learning capacity, we will be implementing the Multi-Tiered System of Support (MTSS). In order for this strategy to be effective, a three-tier model will be implemented. Tier 1 is implemented with intense ongoing training. To improve and/or maintain these scores the John R. King staff will be provided with ongoing, high quality,

professional development that is aligned to the state of Michigan curriculum and designed to ensure that staff can facilitate effective teaching and learning.

The School Improvement Team has developed a Professional Development Calendar based on the needs of the teaching staff. Some Professional Development Activities offer strategies that teachers can implement in their classrooms immediately. Many activities have multiple sessions to increase collaboration and allow for reflection. The school's three (3) Instructional Specialists (Math, ELA and Science) work with teachers regularly to model best practiced strategies in the classroom. Science and Social Studies teachers will teach students a variety of strategies for grappling with expository text and will provide multiple opportunities to writing. We will use student data (MEAP, MAP, Dibels, Star Reading and other assessments) to drive instruction.

Tier 2 and Tier 3 are provided to students who are at risk of failing and are not meeting grade level expectations. These students will be identified and receive supplemental intervention. They will be placed in small groups and provided support from our support staff and/or teachers. Our overall goal is to create a learning environment that will meet the needs of every learner and provide students with the skills that will enable them to become life-long learners.

In this way, content-area teachers will help to improve reading achievement and will help students to better comprehend their content-area text.

## **Parent Involvement**

There are many ways that parents can be involved; parents are our key partners in ensuring student success. To begin, parents can model healthy-living and show that education is a priority by reading to and with their child, engaging in family nights in the school and ensuring that their child is at school, on-time every day. Parents can also attend Parent-Teacher Conferences and Parent Workshops to learn ways that they can help their child become more successful in school. In addition, teachers will communicate to parents their child's classroom policies on grading, homework and discipline. Parents are encouraged to communicate regularly with teachers via telephone, email and scheduled conferences. We would like all parents to become familiar with the use of Learning Village. We invite all parents to get involved with our LSCO (Local School-Community Organization) which meets monthly to plan and implement parent initiatives at the school. Parent volunteers are always welcome at the school; any parent interested in volunteering should contact the school office.

## Parent Involvement (Continued)

Additionally, we will host a family science night and annual science fair, which will incorporate fun activities to reinforce the scientific concepts and methods taught in school.

Parents will be encouraged to take an active role in their children’s education by participating in Family Math/Science Night.

State law requires that we also report additional information.

## Process for Assigning Pupils to the School

During the 2011-2012 school year, Detroit Public Schools implemented the “Open Enrollment Initiative.” This initiative allows students to elect to attend any Detroit Public School without being required to live within the boundary for that school. The “Open Enrollment Initiative” does not apply to the Examination High Schools or Application Schools. Parents may enroll their child(ren) in the school of their interest as long as the school has not reached capacity for their particular grade. Enrollment preference is given to students who live within the boundary of a school.

It should also be noted that transportation will not be provided for students who select a school outside of the boundary of their home school. “Open Enrollment Initiative” resources can be found on our website at: [http://detroitk12.org/resources/prospective\\_students/](http://detroitk12.org/resources/prospective_students/)

## School Improvement Status

Year	School Improvement Status
2012-2013	Priority
2011-2012	Priority ~ AYP Not Met

## Detroit Public Schools’ Core Curriculum:

Consistent with the Detroit Public Schools 2013-2017 Strategic Plan, there are aggressive plans to accelerate the rate of student achievement and to ensure that students graduate with the academic and social skills necessary for success in college and the workplace.

## **Specific curriculum actions are based on the District's strategic plan to:**

- I. Broaden Services to Address Student Needs
- II. Support Parents and Families
- III. Offer Broad/High Quality Programs
- IV. Improve Customer Service
- V. Create Safe Learning Environments
- VI. Transform Central and School based services to serve customers better
- VII. Improve Technology
- VIII. Minimize the Impacts of Change
- IX. Foster School-Based Leadership
- X. Celebrate and Promote Success
- XI. Ensure Fiscal Stability
- XII. Improve Attendance and Discipline

The "Neighborhood-Centered, Quality Schools," Strategic Plan, is available online at [http://detroitk12.org/content/wp-content/uploads/2013/03/Strategic\\_Plan\\_DRAFT-FINAL.pdf](http://detroitk12.org/content/wp-content/uploads/2013/03/Strategic_Plan_DRAFT-FINAL.pdf)

## **Access to the Core Curriculum**

The instructional strategies and grade level expectations are aligned to the State standards and the NAEP. This represents the core curriculum, which is supported by the texts, materials, computer software and other school level resources used daily in the classrooms. All of the professional development activities are aligned to the core curriculum.

The implementation is a process delineated in the District Plan. This plan serves as the framework for each school's academic achievement plan.

The frequent monitoring of the implementation of these plans are conducted by the school diagnostic visits, review of the benchmark assessments, use of the teacher evaluation tool and adherence to the pacing calendar.

The variances from the State Plan can be found in the grade level expectations, which are also aligned to the higher standards of NAEP.

Parents/Guardians are offered classes to increase parenting skills, early childhood literacy, adult literacy and GED. During the school year, the Regional Parent Resource Center is a

## Access to the Core Curriculum (Continued):

vehicle for parents and other community members to participate in regular and on-going informational and participatory sessions focused on curriculum and instruction. Learning

Village (an online instructional management system), Web updates and semi-annual progress reports are a means to disseminate achievement information to educators. Parents will have the opportunity to monitor students' progress, including attendance, through **Parent Connect** in the Fall.

Detroit Public Schools Core Curriculum is currently under revision. Pacing Charts and Curriculum guides will be posted to the Division of Teaching and Learning under the Leadership page of our website in the near future.

## Parent Engagement

- ❖ Use the technology portal for parents to view daily lessons and to communicate with teachers.
- ❖ Implement and follow through with the parent contracts.
- ❖ Use the Parent Resource Center to engage parents in innovative workshops and sessions that are practical and will result in parent support to students at home.

## Student Achievement Results

Aggregate Student Achievement Results and Detroit Public Schools Quarterly NWEA~MAP Reading and Mathematics reports for John R. King Academic and Performing Arts Academy can be found on the Detroit Public Schools' web page at the Research, Evaluation and Assessment site at <http://detroitk12.org/data/rea/>. The following reports are available:

- District Profile Report
- Combined School Profile Reports
- Individual School Profile Reports
- Adequate Yearly Progress (AYP) Reports
- Michigan Accountability Scorecard Report
- Annual Education Report

**Parent-Teacher Conferences (Interactions):**

School Year	Total Parent Interactions	Percent
2012-2013	957	24.7%
2011-2012	904	22.3%

The Detroit Public Schools' Office of Research, Evaluation, Assessment and Accountability has developed a data collection system which has enabled the District to comply with the Annual Education Report criteria of identifying the number and percent of students represented by parents at Parent-Teacher Conferences.

- 1.0 Data from the PTC Forms represent “parent interactions” with teachers, per school, per card marking.
- 2.0 Parent Interaction Definition: During Parent-Teacher Conferences (and in some instances school open houses) Schools/Teachers are advised to have each parent participant provide a parent signature-a parent may not sign for a student if they did not talk about that student.
- 3.0 Several DPS schools had a very high percentage of reported parent interactions. This may be due to a number of reasons. In at least seven (7) instances, the calculated percentages are in excess of 100%. In each instance, each of these seven (7) schools is an elementary school or a Foundation for Early Learners School with a large parent turnout at each of the required conferences. If during each conference, one (1) parent with two (2) students enrolled in the school visited three (3) teachers for each of their two (2) students, this would count as six (6) parent interactions, thus increasing the base number and resulting percentage.

We would like to wish our students, parents and community a successful school year.

Sincerely,

Vivian Hughes-Norde, Principal
